

NEW

Quest offers 4K Ultra High Definition Fiber Optic HDMI Cables that are perfect for long distance installations. Maintain high definition quality over extended lengths without the need for an HDMI Repeater. These fiber optic and copper wire hybrid HDMI cables have a bandwidth up to 18 Gbps, and are 3D ready. Cables are available between 50 feet to 330 feet long.

Item #	Lengths
HDI-2950	50 FT.
HDI-2975	75 FT.
HDI-29100	100 FT.
HDI-29200	200 FT.
HDI-29330	330 FT.

- ✓ **Fiber Optic and Copper Wire Hybrid**
- ✓ **4K Ultra High Definition (4K@60Hz, 4:4:4)**
- ✓ **Maintains quality over extended lengths**
- ✓ **Bandwidth Data Speeds Up to 18 Gbps**
- ✓ **Gold Plated Connectors**
- ✓ **Zinc Alloy Shell, EMI/RFI Resistant**
- ✓ **Low Smoke and Zero Halogen Jacket**
- ✓ **4.7mm Cable Diameter**
- ✓ **8mm Bending Radius**
- ✓ **Compliant to HDMI 2.0**

Performance & Specifications

Connector	HDMI Type A
Cable Diameter	4.7mm
Jacket Color	Black
Bandwidth	18Gbps
Resolution	480P, 720P, 1080I, 1080P, 3D, 4K@30Hz, 4K@60Hz 4:4:4
HDCP	HDCP 2.2
Cable Spec	Fiber Optical and Copper wire hybrid Copper wire: 28AWG Fiber Optical:50/125um multimode fiber
Power	HDMI+5V
Power Consumption	$\leq 250mW$
Operational Bending Radius	D15mm
Cable Tensile Strength	100N(15min)

Performance Tests: Cables are tested with Quantum Data, Simplay Lab Tester, Agilent Eye Pattern, Sony 4K player, Panasonic Projector and etc.
